## **City of Seguin Recognizes Employees of the Month *Carl “Rusty” Krueger and Shannon Dukes Receive August 2014 Honor***

**SEGUIN, Texas** – The City of Seguin Employee Advisory Committee is pleased to announce Seguin Fire Department Battalion Chief Carl “Rusty” Krueger and Telecommunications Supervisor Shannon Dukes as August 2014 Employees of the Month.

Krueger and Dukes are being commended for creating a “box map” system for the dispatch center. This endeavor also gave the department the opportunity to improve its dispatching procedures by creating deployments based upon the type of call being dispatched.

“Chief Krueger and Shannon Dukes took ownership of this project and worked tirelessly to ensure its completion,” Seguin Fire Chief Dale Skinner said in his nomination letter. “Both worked well beyond normal business hours and occasionally on their days off to meet the goals of completion. Their work on this project will be used for many future generations of the Seguin Fire Department.”

Krueger has been employed with the City of Seguin since July 1985 and currently holds the position of Fire Department Battalion Chief. Dukes has been employed with the City of Seguin since April 2011 and currently holds the position of Telecommunications Supervisor.

The City of Seguin congratulates Rusty and Shannon on a job well done!

Fire Department Battalion Chief Carl “Rusty” Krueger and Telecommunications Supervisor Shannon Dukes are presented the August 2014 Employee of the Month award. **About the City of Seguin**

Seguin, Texas is located along Interstate 10, about 35 miles east of San Antonio. Seguin is big enough to boast a top-rated university and a state-of-the-art hospital. More than 25,000 residents enjoy a range of cultural, recreational, and employment opportunities. Seguin’s robust diversified economy features a steelmaker, a manufacturer of automotive parts and plants making roadside mowing equipment and building materials. In 2009, Seguin was proud to be selected by Caterpillar as the site of a major new engine manufacturing facility.
