Fan Drive Underway

Fans Available to Households without Air Conditioning

SEGUIN, Texas – The heat of summer is tough for us all, but imagine having to endure the scorching temperatures without air conditioning. That’s the reality for many and why the Seguin Fire Department is again hosting its Annual Fan Drive.

“Not having air conditioning is unimaginable for a lot of us, especially in the middle of these hot Texas summers,” Seguin Fire Chief Dale Skinner said. “For many families, the fans we provide through this program are their only source of relief from the heat.”

Fans are available to households without air conditioning. Fans may be picked up at the Municipal Court/Fire Administration building at 660 South Highway 46 between 8 a.m. and 5 p.m. A picture ID and proof of residency is required. Limit one fan per household.

Donations of fans or money may also be made at the Municipal Court/Fire Administration building. For additional information, contact Seguin Fire/EMS at 401-2310.

About the City of Seguin

Seguin, Texas is located along Interstate 10, about 35 miles east of San Antonio. Seguin is big enough to boast a top-rated university and a state-of-the-art hospital. More than 25,000 residents enjoy a range of cultural, recreational, and employment opportunities. Seguin’s robust diversified economy features a steelmaker, a manufacturer of automotive parts and plants making roadside mowing equipment and building materials. In 2009, Seguin was proud to be selected by Caterpillar as the site of a major new engine manufacturing facility.
