Assistant Director of Finance Earns March 2015 Employee of the Month Award

SEGUIN, Texas – The City of Seguin is proud to announce Assistant Director of Finance Tracy Stalnaker as March 2015 Employee of the Month.

Tracy is being recognized for playing an integral role in the recent conversion and implementation of the City’s new Enterprise Resource Planning system.

“She worked tirelessly on setting up security levels for the new system, making sure our General Ledger accounts converted properly,” an anonymous employee said in a letter nominating Tracy for the award. “She has put in several evening hours and weekend hours.”

In addition, Tracy successfully converted City vehicles to a fleet card system, allowing for the removal of the City’s old fueling system and tanks. Tracy was also vital to the successful organization of the City’s new purchasing card system. The City’s P-card company has approached Tracy about using Seguin as a model to get other cities started.

Tracy has been employed with the City of Seguin since January 2012. Congratulations to Tracy on a job well done!
