

Two steps to transportation **Bicycle & Pedestrian Planning Study**

The Alamo Area MPO's Regional Bicycle and Pedestrian Planning Study is underway. Help identify Seguin biking and walking priorities by providing input on the interactive map and taking the survey at www.alamoareampo.org/bike-ped. **Simply follow these two simple steps.**

Step 1

Fill out the survey at www.alamoareampo.org/bike-ped. The survey discusses issues related to pedestrians and bicyclists. Please fill out all sections of this survey. Your opinions are important and your input will help guide the focus and recommendations of this study.

Step 2

Mark up the map at www.alamoareampo.org/bike-ped. Please share your thoughts through points, lines, comments and photos on the map. This input will help planners make recommendations about how to improve walking and bicycling for everyone. Remember: the more thorough you are, the easier it will be to turn ideas into action!

Benefits of Active Transportation

- ⇒ Transportation Benefits - reduced traffic congestion, improved safety, calms traffic, preserves road infrastructure.
- ⇒ Economic Benefits - increased retail sales (restaurants, lodging establishments, retail stores), job creation, and enhancement of nearby property values.
- ⇒ Environmental Benefits - improved air quality and energy conservation.
- ⇒ Social Benefits - quality-of-life benefits from living in communities with more open space and greenways and that provide more opportunities for walking or cycling.
- ⇒ Health & Fitness Benefits - it is well recognized that Americans would benefit in many ways from a more active lifestyle. Bike lanes, sidewalks and trails promote healthy choices.
