Mayor Proclaims Public Works Week *Contributions of Public Works Professionals Recognized*

SEGUIN, Texas – Mayor Don Keil has proclaimed May 18-24 as National Public Works Week in the City of Seguin. The proclamation was presented May 14 on the steps of City Hall.

“The City of Seguin is lucky to have dedicated men and woman who serve as public works professionals,” Mayor Keil said. “These folks ensure we have the infrastructure and services that allow us to enjoy a high quality of life.”

Since 1960, the American Public Works Association has sponsored National Public Works Week to energize and educate the public on the importance of the contribution of public works to their daily lives: planning, building, managing and operating the heart of our local communities and building the quality of life. The theme for this year’s recognition is “Building for Today, Planning for Tomorrow.”

About the City of Seguin

Seguin, Texas is located along Interstate 10, about 35 miles east of San Antonio. Seguin is big enough to boast a top-rated university and a state-of-the-art hospital. More than 25,000 residents enjoy a range of cultural, recreational, and employment opportunities. Seguin’s robust diversified economy features a steelmaker, a manufacturer of automotive parts and plants making roadside mowing equipment and building materials. In 2009, Seguin was proud to be selected by Caterpillar as the site of a major new engine manufacturing facility.
