A three week look ahead on the River/San Marcos/Heideke Street Project indicates closures affecting portions of River, Mountain, Bauer, Milam and Nolte Streets.

Mountain and River Streets will have intermittent work zones meaning some blocks may be passable at various times. Work is currently underway on underground sewer, water and drainage in these areas. A portion of Milam and Nolte Streets are still closed at this time due to an AT&T duct bank replacement.

Notes and Reminders

As always, please obey signs and exercise caution while driving in construction zones.

The streets in the project area are being watered on a routine basis to help control dust. Nearby streets will also be watered.

Garbage and recycling routes are being serviced normally. If your collection is missed, please contact 830-401-2445.

Closed streets are open to residential and business traffic as feasible.

Current Street Closures

The following streets are currently closed to through traffic:

- River Street between Mountain and College Streets
- Intersection of River and College Streets
- Mountain Street between San Marcos and Bauer Streets
- Bauer Street between Court and Mountain Streets
- Nolte Street between Crockett and Erskine Streets
- Milam Street between Nolte and Donegan Streets
