## **Household Hazardous Waste Collection Event Rescheduled**

***Event to be Held on Spring Clean-Up Day in March 2015***

**SEGUIN, Texas** – An event for Seguin residents to properly dispose of items that should not be discarded in household trash has been rescheduled. The household hazardous waste collection event will now be held in conjunction with Spring Clean-Up Day on March 7, 2015.

“Rescheduling this event will allow more people to take part,” Seguin Public Information Officer Scott Packard said. “The grant that allows us to partner with Waste Management to make this a free event covers 100 participants. We feel it better to reschedule the event so that it’ll be in conjunction with our popular Spring Clean-Up Day.”

Additional details will be provided closer to the event.

### **About the City of Seguin**

Seguin, Texas is located off Interstate 10, about 35 miles east of San Antonio. Seguin is big enough to boast a top-rated university and a state-of-the-art hospital. More than 25,000 residents enjoy a range of cultural, recreational and employment opportunities. Seguin’s robust diversified economy features a steelmaker, a manufacturer of automotive parts and plants making roadside mowing equipment and building materials. In 2009, Seguin was proud to be selected by Caterpillar as the site of a major new engine manufacturing facility.
