Rock & Water Slows Pipe Crew Progress.....

The pipe crew continues down Lone Oak but has encountered rock the last 2ft. As a result, the crew is now having to “hoe ram out” the area. In addition, lots of ground water has also been encountered which has it slow going in the ditch for the pipe crew.

Work continues on.....

- ⇒ Tree trimming to accommodate the large construction equipment.
- ⇒ Controlling dust with water trucks.
- ⇒ Hauling gravel in to subdivision.
- ⇒ Hauling dirt out of subdivision.

What's coming up?

The boring crew has been tentatively scheduled to return to the subdivision within the next two weeks.
