**CITY OF
SEGUIN**

GERONIMO CREEK SEWER PROJECT - PHASE V Oak Village North Subdivision

Volume 2, Issue 7

April 5, 2013

WHAT'S GOING ON?

Utility Installation:

Sewer testing continues throughout the subdivision. Approximately 600 linear feet of water remains to be installed along Spanish Oak.

Street Construction:

Street improvements continue through the eastern

portion of Twin Oak and along Spanish oak. As work progresses, curb and drive-ways improvements will follow. Once this area is completed, the contractor will move to the western end of Twin Oak towards Martindale Road.

YOU ASKED....WE ANSWERED

Q. When will the project be completed? What is the status of the decommission grant? What are the costs for "tie-in" to the new sewer line?

A. Don't miss the answers to all these questions and more.

Neighborhood Meeting

Tuesday, April 23, 2013,

6:00 p.m.

Seguin Guadalupe

County Coliseum

Commentary:

The severe drought conditions in Seguin saw some much needed relief this week in the form of rain, yes rain, in our own backyards. While the rain was a welcome sight to all, the aftermath of muddy conditions felt by the residents of Oak Village North was not. Unfortunately, Spring rains combined with any construction project of this magnitude will result, to put it simply **"in a big sloppy mess"**, which is what was experienced by residents this week. The contractor worked diligently to remove stuck vehicles and place gravel where needed, as quickly as possible, considering the inclement weather conditions. With that being said, the City is vigilant to the needs of Oak Village North residents and strives to work as quickly as possible to remedy situations like this, when they occur. I know we all welcome the end of this construction project and we are almost there! **THANK YOU**, OVN residents for your continued patience. It is greatly appreciated!!
