Keeping a log of serial numbers for your valuables is a small step but worth your time and effort. The Seguin Police Department has prepared a log that you can document the serial numbers on your valuables.

Email us at crimeprevention@seguintexas.gov to request your FREE serial number log.

After receiving the serial number log, via email, start inventorying your valuables. If you have something stolen, we can enter the serial number for that specific item in TCIC/NCIC which increases the odds that you will be reunited with your valuable(s).
